*We are excited to announce the
Annual "Build a Better Future" Scholarship*

Build A Better Future
Five \$10,000 Awards

from Honors Graduation

Hello,

Each year we offer five \$10,000 scholarships to graduating high school students. In the past, our applicants have **included students from your school!** We want to make sure you have the most up-to-date information on the program.

This is a great opportunity since in recent years it has been very much underutilized. We were getting hundreds of submissions a few years ago, last year we had fewer than 50, that's a great opportunity for your students!

[Click here](#) for the details and anything else you may need to know to tell your students about our scholarship. If you can, it would be great to put this link on your school's website somewhere prominent and/or easy to access for both seniors and for their parents so they can find the scholarship information before the deadlines. Some schools have put the link in a dropdown from the main menu or homepage and that seems to work best.

Thank you so much for your participation in the past!

Please feel free to contact us at any time if you have questions,

Lindsay Mecham
